

Our aim has always been and remains still true today, "to treat every project, however large or small, with the same enthusiasm and tenacity as if it was our first."

G+A PROJEKT Shpk

ABOUT US

Founded in 2001, our company is focused in design and construction of civil and industrial buildings, reinforced concrete or steel construction, property evaluation and consultancy.

Our company offers design services with emphasis on detail and quality.

We stay ahead of
the curve by
leveraging
creativity and
expertise.
